AFTER DINNER.

Persons who suffer from Indigestion can arrest the progress of that painful malady by the use of an after-dinner pill, so composed that it will give tone to the stomach, prevent heartburn, rouse the liver to healthful action, invigorate the kidneys, and thus, through the activity of these organs, promote the natural movement of the stomach and bowels. AYER'S PILLS are so compounded that their action, though mild, effectually produces the above results. They also, in curing Constipation, remove the cause of Biliousness, Liver Complaint, Kidney Disease, Rheumatism, and many other serious ailments.

AYER'S PILLS

contain no mineral nor poisonous substance, and do not gripe unless the bowels are irritated, and even then their influence is healing. To continue their effect in constipated or chronic cases, they need only be taken in diminishing instead of increasing doses. For seamen, and inhabitants or travelers in sparsely settled countries where physicians are not at hand, they are of inestimable value. There is hardly a sickness they will not alleviate, and in most cases cure, if taken promptly. To young girls just entering upon womanhood, and to women whose period of maternity is drawing to a close, period of maternity is drawing to a close, Ayer's Pills, in moderate doses, merely sufficient to ensure regular action of the bowels, will be found of

Incalculable Value.
